## Proposed 2024-25 College Budget

### Executive Summary

Enclosed is the President's Proposed Budget for 2024-25. It is being distributed for your review and consideration. A resolution is on the agenda for the Board of Governors to accept and approve this budget as the Board of Governor's budget during the July 23, 2024, Board Meeting.

College staff prioritized their requests to achieve a proposed budget that fits MCC's needs and makes the best use of the available resources. Between March and the end of June 2024, the Vice Presidents, members of Cabinet, and others identified elevated priorities for the College during the coming fiscal year as seen in the Mission Achievement Plan included in the introductory section of the Proposed Budget. Special attention was paid to making sure that there was budget to continue the college's modernization of its SIS/ERP system and preliminary work on the development of the Sarpy County Campus. The college will also be maintaining and expanding on MCC's effort to boost enrollments, retention, and completion through the Path Forward initiative.

The budget book is separated into three major sections:

- I. The Introductory Information section includes this Budget Executive Summary, list of Board of Governors, the 2024-25 Mission Achievement Plan (MAP), and the 2024-25 Planning/Budget Calendar.
- II. The Budget Information section includes the detailed proposed budget for all College funds: General, Capital, Auxiliary, and Federal. Detailed information about property taxes, tuition, enrollment, cost centers, equipment, and capital projects are included in this section.
- III. The Other Information section includes reports on the descriptions of the various funds that are used in accounting for the college, the 2024-25 Budget Development Guidelines (Instructions) for Cost Center Managers to use when developing their budget requests, a College History and Profile, the Economic Value of MCC Fact Sheet, MCC Annual Facts, Enrollment Summary Trends, Annual Credit Hours by Prefix, Significant State Statutes for the 2024-25 Budget Season, Real Property Valuation Change, Value & Taxes Levied by Taxing Subdivision, Property Valuation by County, and an updated Glossary of Educational Terms used by the College.

Highlights of the proposed budget include:

- The expenditure budget for all funds is \$274,906,501 an increase of \$8,785,965 or 3.30% from last year. This includes all expenditures from General Fund, Capital Improvement, Auxiliary, and Federal funds.
- The expenditure budget for the General Fund is \$148,236,851 an increase of \$8.4 million or 6 %. This increase is largely driven by MCC's two largest expenditures, Personnel and Operating.
- In total, General Fund revenues are estimated to increase by \$10.6 million (7.98%) to \$143,765,004.
- Due to a change in state funding this year, MCC will not levy property taxes for general fund. The funding from this property tax levy will be replaced with state funding from the Community College Future Fund. The proposed property tax rate decreased to 2.0 cents for the Capital Fund. MCC's levy is equivalent to \$20.00 for every \$100K of property valuation.
- Approximately \$21.4 million in revenue from Property Tax is expected, a reduction of 79% due to the change in state funding provided by the Community College Future Fund.
- Last year the Nebraska Legislature passed, and Governor Ricketts signed into law, LB873, which provides property owners tax credits for a portion of the property tax payments they make to support community colleges. This credit continues again this year allowing property tax owners to receive a tax credit.
- During the next fiscal year, MCC's Capital Fund expenditures continue to be concentrated on upkeep and eliminating deferred maintenance. Funds have been earmarked to support the completion and recommended investments in MCC's Strategic Master Plan.
- During the upcoming fiscal year, the budget will be utilized to continue working on the modernization of the college's SIS/ERP system and preliminary work on the development of the Sarpy County Campus.

The approval process for the budget will follow the Calendar for Adoption of the 2024-25 Budget that was approved in June 2024. The final vote on the budget will be in September.

In closing, we will be prepared to present and discuss the proposed budget at the July 23 Board of Governors' meeting. Please contact the College Administration if you have questions or information requests to assist in your review of the proposed budget.

**FUND ACCOUNTING**

To ensure observance of limitations and restrictions placed on the use of resources available to the College, College accounts are maintained in accordance with the principles of fund accounting. This is the procedure whereby resources are classified for accounting and reporting purposes into funds according to the primary activities and objectives specified.

- a. General Fund  
The General Fund is used to account for all revenues and expenditures for current general operations. Instruction is the primary program; and academic support, student services, institutional support, and physical plant operations are support activities.
- b. Continuing Education Fund  
This fund is used to account for the revenues and expenditures related to non-reimbursable non-credit courses.
- c. Auxiliary Fund  
These funds are used to account for self-supporting services rendered to students and staff.
- d. Federal Funds  
These funds are used to record revenues and expenditures for specific federal grants, including student financial aid awards.
- e. Restricted Fund—Other Funds  
These funds are used to record revenue and expenditures for state and other monies received, the use of which is restricted.
- f. Capital Improvement/Building Fund  
This fund is used to record income and expenditures for the acquisition and improvement of sites and facilities.
- g. Hazardous Material Abatement/Handicapped Accessibility Fund

# 2024-25 BUDGET DEVELOPMENT GUIDELINES

## MESSAGE TO COST CENTER MANAGERS

Welcome to the 2024-25 Budget Season. As always, we will center our endeavors around how we can best serve our students and our communities. It is important to remember that we are moving forward with our modernization initiatives as well as building upon our current practices to continue to move Metropolitan Community College into a bright future.

These guidelines contain some important updates to the budget process as well as some helpful reminders for entering budget requests. A separate document with a “how to” guide on entering budget requests will be included in the Budget email.

The 2024-25 MAP continues to be simple and straightforward to align our strategic energies on students and basic college operations, while focusing on the following four College priorities for the next fiscal year:

Priority 1: Programs and Partnerships – the heart of our daily work together

Priority 2: Path Forward – our team effort to help more students reach their finish lines

Priority 3: Operational excellence – ensuring our systems work for students today and tomorrow

Priority 4: Future stability and growth – laying a foundation for the next 50 years

Please reach out to Elizabeth Lamberty with any questions, concerns or issues you may have with filling out your budget requests. If she is not immediately available by phone, please send her an email or an IM via Microsoft Teams. She will respond to all inquiries within one business day.

## **UPDATES TO THE BUDGET PROCESS**

**\*\* PLEASE READ ME, I'M IMPORTANT \*\***

### Budget Pre-screen Items

Please enter any items that were approved for input into the Budget during the pre-screen process unless otherwise instructed by the pre-screener. Do not enter any requests that were denied during the pre-screen process. Please follow any special instructions given to you by the pre-screener.

### **Uniforms/Branded Apparel**

Object code 5331 previously labeled "Uniforms" is expanded to "Uniforms/Branded Apparel" to allow cost center managers to request funds for uniforms in the case of collective bargaining units or branded apparel for all other employees. We recommend a rule of thumb of \$100 per employee per fiscal year for employees in student-facing roles and \$50 per employee per fiscal year for all other employees.

### Priority Codes

The Priority Code is located under the priority code drop down in College Suite. Please use the following logic for entering priority codes going forward.

- **A – Must Have => This should be your most used code. These are items that you need for the following year.**
- **AS – Admin Share and S – Shared Pool => These are used for any items that would be in the shared pool. Please continue to use these as we have in the past.**
- **G – Grant/Gift Request => Continue to use as we have in the past.**
- **P – Perkins => Continue to use as we have in the past.**
- **AC – Must Have If => This should be used for contingency items and should be used sparingly. Please reach out to Elizabeth Lamberty before you enter any item with an AC Priority Code.**

## **REMINDERS AND QUICK TIPS**

### **Rollover**

The first thing you will see when you open up College Suite is all of your rollover items. Please review to see what adjustments you need to make or remove items you no longer need. Your 2024-25 Budget has been rolled over except for equipment and contingency requests. Please review the roll over items to make sure that they are still needed. Please note, only your “Must Haves” (A priority) from last year have rolled over. If you need to add some AC priorities, please reach out to Elizabeth Lamberty before adding them.

- **When entering comments and descriptions, please be brief but as descriptive as possible.**
- **The PC Matching Group continues to identify and request normal replacements/upgrades for all PCs, so you should only make a budget request for a PC when you have a special operational need (you have higher needs due to special software requirements or the nature of your work). This group will also review all PC related printer and equipment requests.**

## HISTORY OF MCC

Metropolitan Community College (MCC) is a comprehensive, full-service public community college supported by the taxpayers of Dodge, Douglas, Sarpy and Washington counties. Its mission is to deliver relevant, student-centered education to a diverse community of learners.

The present community college system in Nebraska started in 1971 when the Nebraska Legislature created eight technical community college areas across the state. One of these new areas was called the Eastern Nebraska Technical Community College Area, which encompassed Dodge, Douglas, Sarpy and Washington counties. An area vocational technical school operated by the Omaha Board of Education already served part of this area.

Metropolitan Community College was created in 1974 when the Legislature consolidated the original eight technical community college areas into six. That year, the programs, personnel, assets and liabilities of the former Omaha Nebraska Technical Community College Area merged with the Eastern Nebraska Technical Community College Area under a new name stipulated by amended legislative statutes: the Metropolitan Technical Community College Area. In 1992, the Nebraska Legislature voted to change the College's name to Metropolitan Community College Area.

Over the last two decades, two types of expansion initiatives have enabled the College to adapt to the needs of its students and local employers. First, public-private funding partnerships, along with strong industry support, made possible state-of-the-art facilities that serve as centers of excellence across an array of career fields. The Construction Education Center and Center for Advanced and Emerging Technologies on the Fort Omaha Campus, and the Center for Advanced Manufacturing and Automotive Training Center on the South Omaha Campus all stand as top-in-class facilities designed to grow with the industries into the future. Meanwhile, an array of community-based locations brings accessible, affordable education to local neighborhoods. Three MCC Express locations offer workforce training, English-as-a-Second Language, GED, and other non-credit programs, while three MCC locations in Omaha's Millwork Commons offer niche programs designed to meet the needs of learners from all generations. In 2022, MCC is poised to extend these proven models as it gathers community and stakeholder input for its next ten-year master plan for facilities.

### ACCREDITATION HISTORY

During MCC's accreditation history, evaluation teams have visited the College seven times, and MCC has submitted three special reports since it applied for candidacy in 1974.

- MCC had its first evaluation visit in December 1974, which resulted in candidacy status approval in April 1975.
- In November 1976, the College hosted a biennial visit and was approved for continuing candidacy status and for moving toward accreditation.

- After the initial accreditation visit in November 1978, MCC was granted accreditation for five years in April 1979; however, a mandated focused visit was scheduled in 1980-81 to fulfill the requirements of initial accreditation.
- Based on the April 1981 mandatory focused visit, the visiting team thought the College had not yet resolved issues raised earlier: developing a long-range master plan and reducing the Board of Governors' involvement in administrative matters. A follow-up focused visit was scheduled for the following year.
- In March 1982, the visiting team conducted a focused visit and concluded that the College had addressed the master planning concern but had not fully addressed the concern about board involvement in administrative matters. Because of this, the next comprehensive visit was moved forward one academic year to spring 1983.
- In March 1983, the first evaluation visit for continued accreditation occurred. The commission stipulated that the College submit a five-year status report in 1987-88.
- In October 1992, a second evaluation visit for continued accreditation occurred. The visiting team recommended a ten-year continuing accreditation status with the next scheduled visit occurring in 2002-03; however, the College was required to provide a detailed description of its institutional program for the assessment of student academic achievement during 1995-96.
- In May 1996, the college submitted the requested report, which was subsequently approved.
- In October 2002, the evaluation team from the Higher Learning Commission (HLC) returned and "enthusiastically and unanimously" recommended another ten years of accreditation. The College was asked to prepare a progress report due in 2005 assessing student achievement and integrating the assessment into curricula development, relevant planning and budgeting processes.
- In May 2013, MCC's institutional accreditation was reaffirmed by the HLC through the 2022-23 academic year. MCC was one of only thirteen HLC member institutions to pilot the new Open Pathway accreditation process.
- In June of 2017, the College submitted its first assurance argument under the new HLC Open Pathway process. The HLC gave the College "criterion met" on all criteria except for two (4b and 4c), which were met with concerns. Criterion 4b and 4c are related to learning outcomes assessment and data analysis. The College completed an interim report in 2019, which was accepted.
- In 2018 MCC joined the HLC Assessment Academy to improve learning outcomes assessment and to fulfill the HLC requirement that the College engage in a quality improvement initiative as part of the Open Pathway accreditation process, Improvement to general education assessment, co-curricular assessment and assessment of dual credit courses were the focus of the Assessment Academy work.
- In October of 2022, HLC will complete the next comprehensive site visit.

# The Economic Value of Metropolitan Community College

Metropolitan Community College (MCC) creates a significant positive impact on the business community and generates a return on investment to its major stakeholder groups—students, taxpayers, and society. Using a two-pronged approach that involves an economic impact analysis and an investment analysis, this study calculates the benefits received by each of these groups. Results of the analysis reflect fiscal year (FY) 2020-21.

THE MCC FOUR COUNTY SERVICE AREA, NE

## ECONOMIC IMPACT ANALYSIS

In FY 2020-21, MCC added **\$680.3 million** in income to the MCC Four County Service Area\* economy, a value approximately equal to **1.0%** of the region's total gross regional product (GRP). This translates to a return of **\$8.10** in higher future earnings for every dollar students invest in their education. Students' average annual rate of return is **21.7%**.

### TAXPAYER PERSPECTIVE

- Taxpayers provided MCC with **\$109.4 million** of funding in FY 2020-21. ## GLOSSARY OF EDUCATIONAL TERMS

**Academic Advisors** Academic advisors work with students who have more than 30 total credits earned and aid them in designing and implementing a career and educational plan focused on program completion. Advisors promote successful student practices and provide guidance about college resources, academic programs, services, policies, and procedures. Advisors also guide students through career exploration by using interest, strength, and other assessment tools.

**Academic Coach** Academic coaches work with students to develop the soft skills needed for academic success, including but not limited to time management; work, life, and academic balance; goal setting; study skills; note taking; organization; staying motivated; and connecting with additional resources when needed.

**Academic Focus Area (AFA)** A collection of academic programs that lead to related occupations or have similar learning objectives, outcomes, content and/or resources. Programs within an AFA share some course requirements, which allows students to explore within a broad field of interest without collecting excess units. Different than a major, an AFA is simply an organizing tool. Degree-seeking students will declare a specific major within their chosen AFA.

**Academic Quality** Academic quality describes how well learning opportunities, instruction, support, services, environment, resource utilization, and operations of a college result in student learning and student achievement of educational goals. Accreditation and scholarship standards and academic rigor adopted by the faculty, along with the college's local values and priorities, are factors in determining academic quality in the context of the institutional mission.

**Academic Year** Consists of four consecutive quarters running from Fall (FA), Winter (WI), Spring (SP) and Summer (SS).

**Accreditation** In the United States, schools and colleges voluntarily seek accreditation from non-governmental bodies. An institutional accrediting agency evaluates an entire educational organization in terms of its mission and the agency's standards or criteria. It accredits the organization as a whole. Besides assessing formal educational activities, it evaluates such things as governance and administration, financial stability, admissions and student services, institutional resources, student learning, institutional effectiveness, and relationships with internal and external constituencies. MCC is accredited by the Higher Learning Commission (HLC). Accreditation makes it possible to transfer completed course credit to most other institutions and to participate in federal financial aid programs.

**Adult Education (AE)** AE is a program sponsored jointly by the Nebraska State Department of Education and Metropolitan Community College. The student is offered the opportunity to develop basic skills in reading, writing and mathematics.

**Advocacy Counselors** provide services tailored to address nonacademic concerns, complex academic or financial situations, personal and emotional well-being or crisis, that may be affecting a student's success academically. They provide support, intervention, and referrals to community resources.

**Applied Technology Course** Course offerings in an instructional program intended to prepare individuals for immediate entry into a specific occupation or career within the skilled trades. The term "occupational course" is often used in the same context.

**Apprenticeship** MCC offers a four-year apprenticeship training program in electrical and plumbing trades, which combines classroom instruction with paid work experience, and results in a portable, nationally-recognized credential.

**Articulation** Term used to describe the courses taught at MCC that the four-year institution will accept because the content is the same. An Articulation Agreement is an officially approved agreement between two institutions, which allows students to apply credits earned at one institution toward advanced standing, entry or transfer into a specific program at the other institution. Agreements can

approve a course to transfer as equivalent to another course, or approve an entire associate degree to transfer to a specific four-year program. Such agreements help students make smooth transitions from one institution to another by minimizing duplication of coursework.

**Assessment Services** A basic skills assessment program is available on each campus. The student participates in basic skills assessment in reading, English, science and mathematics.

**Attrition** Withdrawal from an institution without formal completion.

**Awards** MCC awards certificates and degrees upon successful completion of a course of study:

**Certificate of Achievement** A certificate is awarded for a program of study that is at least 45 credit hours in length and includes general education course requirements.

**Career Certificate** Represents a structured sequence of courses that may be completed in a relatively short period of time – single term to multiple terms. Career Certificates do not require general education courses.
