State penalties and sanctions for illegal possession of controlled substances

The framework for the regulation of most drugs, also called controlled substances, is set out in the Uniform Controlled Substances Act. In addition, there are other Nebraska state laws that establish penalties for various drug-related offenses that are summarized in the chart in Appendix A1 and A2.

Crimes involving minors

Any person 18 years of age or older who distributes, delivers or sells controlled substances to a person under the age of 18 years shall be punished by the next-higher penalty classification for a first offense or second offense involving drugs such as heroin, speed, cocaine, LSD or pentazocine. The law also provides for an enhanced penalty for anyone 18 years of age or older who employs, uses, persuades or coerces any person under the age of 18 years to manufacture, transport, distribute, carry, deliver, dispense or possess with intent to do the same of a controlled substance or a counterfeit controlled substance. Neb. Rev. Stat. § 28-416(4) and (5).

Tax provisions

Anyone who possesses or sells the following amounts of controlled substances must pay the appropriate taxes to the Nebraska Department of Revenue and have the stamps attached to the controlled substances:

- Marijuana is taxed at \$100 for each ounce or portion of an ounce.
- Any controlled substance that is sold by weight or volume (i.e., cocaine, crack, methamphetamine, etc.) is taxed at \$150 for each gram or portion of a gram.
- Any controlled substance that is not sold by weight (i.e., LSD, quaaludes, methamphetamine in tablets, PCP, etc.) is taxed at \$500 for each 50 dosage units or portion thereof.
- Failure to have the proper tax stamps attached to the controlled substance carries a criminal penalty of up to five years imprisonment or a \$10,000 fine or both. A penalty equal to 100 percent of the unpaid tax will also be assessed, and both the tax and the penalty may become a lien upon the property owned by the person against whom the tax is assessed.

Property forfeiture

Property used to manufacture, sell or deliver controlled substances can be seized and forfeited to the state. Property subject to forfeiture may include cash, cars, boats and airplanes.
